

19 January 1984
OLL: 84-0079/3

MEMORANDUM FOR: General Counsel

FROM: Director, Office of Legislative Liaison

SUBJECT: Letter from Frederick P. Hitz on Behalf
of the Standing Committee on Law and
National Security of the ABA

Stan:

You will recall that the action on Subject letter, which attached a lengthy questionnaire, was assigned by the DCI to your Office. Don Gregg, Assistant to the Vice President for National Security Affairs, informed us that the Vice President had received the identical letter for his comment. Don Gregg asked me for recommendations on how to respond. I have been in touch with Don Gregg and told him that the Agency was in the process of preparing an answer to the questionnaire and, as soon as we had a coordinated paper, we would share that with the Vice President's office and would, indeed, make some suggestions for a response by the Vice President. Don Gregg thought this was a good idea and said he was looking forward to an early response.
